WELCOME TO WHEELING

From the Desk of President Abruscato

As the weather warms and the anticipation of summer hangs in the air, we look forward to the many outdoor activities that await us. And as residents of Illinois know, along with warm weather comes construction season. This year brings the beginning of a very exciting construction project for Wheeling. The reconstruction of Heritage Park is now officially underway, and we as Wheeling residents have much to look forward to upon its completion. This project is a cooperative effort of the Village of Wheeling, the Wheeling Park District and the Metropolitan Water Reclamation District to bring not only flood control to the area, but also much-desired park amenities such as an athletic complex with new fields, a concession building, a bandshell, and a pavilion. The reconstruction of this area is expected to be complete by December 2013, and the finished product is sure to be one that will enhance our village even more. As has been anticipated, while construction is ongoing, **there will be no July 4th fireworks or events in Wheeling.** Once the project is complete, the Village hopes to bring fireworks back to Wheeling bigger and better than ever as the highlight of a major community celebration featuring other events.

President
Judy Abruscato

A number of community agencies, including the Village of Wheeling, the Korean Cultural Center of Chicago, the Chamber of Commerce, and the Wheeling Park District, are partnering to introduce a community-wide food festival, "Wheeling International Fest 2012," on Saturday, June 23, from 11 am to 6 pm at the campus of the Korean Cultural Center (9930 S. Capital Drive). This event is designed to showcase the wide range of shopping and dining opportunities in Wheeling, as well as the international cultural experiences available in the community.

Wheeling International Fest 2012

This is a public event that will feature food, drink, goods and services, family fun, and live entertainment from a variety of cultures, including Irish, German, Korean, Chinese, Mexican, and Greek. We hope to make the Wheeling International Fest an annual summer event. A big part of what makes Wheeling great is its diversity of cultures and their willingness to come together and share their traditions—especially their favorite foods. The Village is proud to partner with other community organizations to make Wheeling International Fest 2012 a reality.

For more information, visit our website at: www.wheelingil.gov or call 847.459.2605.

Wheeling Food Pantry

Next to the Wheeling Police Department
substation at 99 N. Wolf
Monday through Friday 1 pm to 5 pm

The Wheeling Food Pantry is an initiative of the Wheeling Rotary Club, supported by the Village of Wheeling, OMNI Youth Services, St. Joseph the Worker Church, Wheeling High School and School District 21. Social services staff from the Wheeling Human Services Department and OMNI Youth Services is available during pantry hours to provide additional services as needed.

Requirements for utilizing the Food Pantry:

Patrons must be Wheeling residents or have children who attend either School District 21 or Wheeling High School. Patrons must bring proof of residency (driver's license or other official identification, utility bill, lease, mortgage or a letter from School District 21 or Wheeling High School). Qualifying patrons may utilize the Food Pantry once every 30 days.

Non-perishable food donations are badly needed. Collection bins may be found at the Village Hall, Police Department, Pavilion Senior Center, and Fire Station 24. Donations may also be brought directly to the Pantry during regular business hours.

For more information please contact the Department of Human Services at 847.459.2606.

Village Offices will be closed:
Monday, May 28th in observance of Memorial Day.
All regular Waste Management pick-ups will be delayed by one day

WELCOME TO WHEELING

The Clerk's Corner

Village Clerk
Elaine E. Simpson

REMEMBER: WE ARE HERE TO HELP YOU

Summer is a great time to get to know your neighbors. One of the things I enjoy most about summer is when residents walk past our home and we get to know them, their children, and of course their dogs. It is a wonderful way to spend a summer evening, and I encourage all of you to get to know your neighbors in the same way.

Wheeling Garden Club's Annual Plant Sale

The Wheeling Garden Club will be having their annual plant sale on Saturday, May 19 from 9 am to 1 pm. The sale will be held at the northeast corner of Dundee Road and Northgate Parkway. The plants and flowers are reasonably priced, and a majority of the plants are from the Garden Club members' own gardens. There will also be hanging baskets for sale, which are always very large and attractive. With any luck there will also be a return of heirloom tomato plants.

Commissioners Needed

The Village is looking for residents who would be interested in joining one of our commissions. Share your knowledge and expertise with other members and residents. To obtain an application call Deputy Clerk Lisa Leonteos at 847.499.9085 or visit our website (www.wheelingil.gov), print out an application and return it to Lisa at the Village Hall. If you would like further information or would like to know which commissions have vacancies, please feel free to call me at 847.541.8692 and I can discuss this with you.

November Presidential Election

On Tuesday, November 6, the U.S. Presidential Election will take place. If you are not registered to vote and would like to have your vote count, please come to the Village Hall during regular business hours, 7 am – 5 pm, to register. As the election gets closer I will provide a Saturday registration opportunity; information will be posted as the date approaches.

Health Happenings

...brought to you by
the Wheeling Board of Health

March 14th Blood Drive Exceeded Goal!

The Wheeling Community Blood Drive was held on March 14. Forty-eight units were collected from the 50 people who attended, which exceeded our goal of 40 units. The 48 units collected will help save 144 lives.

Wheeling community restaurants were especially generous in donating gift certificates, coupons and food for the event. Recognition goes to the following restaurants that participated: Bob Chinn's Crab House, El Famous Burrito, Cooper's Hawk, Ram Restaurant & Brewery, Wa-Pa-Ghetti's, Edwardo's Pizza, Buca di Beppo, Jet's Pizza, and Pita Inn. We greatly appreciate the support of these restaurants.

The next Wheeling Community Blood Drive is scheduled for July 11, 2012. Please share this information with friends, neighbors and family. Without you, we would not be able to give the "Gift of Life" each and every day.

Recycle Your Batteries at the Medications/Sharps Drop-Off

The Village is participating in the Solid Waste Agency of Northern Cook County's (SWANCC's) battery recycling program. To help residents recycle their batteries, we will now accept batteries at the Prescription Medication Drop-Off held on the third Saturday of every month from 10 am until 12 pm in front of the Police Station at 1 Community Boulevard.

Residents may recycle household batteries (AA, AAA, C, D, 9V) and rechargeable batteries (Lithium NiMh, NiCad). **NO AUTOMOTIVE BATTERIES ACCEPTED.**

Please note: Each rechargeable battery must have masking tape on contact points or be contained in an individual self-locking plastic bag.

POLICE & FIRE DEPARTMENTS

Traffic Safety Reminders from the Police Department

The Wheeling Police Department would like to remind motorists to use extra caution while driving through School Zones and residential neighborhoods; it is important that drivers are aware of the presence of pedestrians and students near the roadways, as well as the laws that protect them.

Right Turns on Red: Illinois law states that right turns on red are allowed unless there is a sign posted that prohibits the turn. A right turn on red is allowed after a driver comes to a complete stop (total cessation of movement). Once the driver has stopped, the right turn can be made when it is safe to turn and the driver has yielded right-of-way to oncoming or cross-traffic and pedestrians. This law also covers all photo enforced intersections. The Illinois Secretary of State publication “Rules of the Road” states: *Stop at the marked stop line. If there is not a marked stop line, stop before entering the crosswalk. If there is no crosswalk, stop before entering the intersection. Do not go until the light is green and the intersection is clear. You may make a right turn at a red light. Drivers must come to a complete stop and yield the right-of-way to oncoming traffic and pedestrians before turning.*

Texting While Driving: Texting while driving is prohibited at all times throughout the state. The law defines texting as “electronic mail, a text message, an instant message or a command or request to access an internet site.” The National Highway Traffic Safety Administration reports that 6,000 people died in 2008 from car crashes because the driver was distracted or not paying attention to driving. More than half a million injuries occurred in 2008 because of distracted drivers.

Cell Phone Use in School or Construction Zones: Cell phone use in School and Construction Zones is prohibited by state law except in emergencies (i.e. calling the police, fire or ambulance). Cell phones may be used in “hands free” mode in School Zones.

School Zones: The speed limit in all Wheeling School Zones is 20 mph when children are present near the roadway (i.e. on sidewalks). The law defines school hours as 7 am – 4 pm. First offenses carry a minimum fine of \$150.

Stopping for School Buses Loading and Unloading: Drivers are required to stop and not pass school buses that have their red lights flashing with the stop arm extended. Vehicles in oncoming traffic in relation to the stopped school bus on a four-lane roadway are not required to stop. First offenders are subject to a mandatory minimum fine of \$150.

Disobeying a Crossing Guard: Illinois Law makes disobeying a crossing guard a moving violation. A court appearance by the offender is required. The minimum fine is \$150.

Wheeling Fire Department - Did You Know?

The Wheeling Fire Department was founded in 1896, only two years after the founding of the Village of Wheeling. Originally starting out as an all-volunteer department, it transitioned to a full-time department in the 1970’s with the introduction of paramedic services. On December 1, 1972, the nation’s first paramedic system started operations through Northwest Community Hospital in Arlington Heights, and the Wheeling Fire Department was part of that start-up in conjunction with several neighboring fire departments. Since then, all shift personnel in the department are cross-trained and certified as both firefighters and paramedics. Today, the concept of “paramedics” has become recognized as the standard in the emergency medical services for first responders worldwide.

On a typical day, 13 emergency responders work out of three fire stations within the Village: five at the headquarters station on Milwaukee Avenue, three at the satellite station on Dundee Road. (at the Police Station), and five at the satellite station on Wheeling Road. Annually, the Fire Department responds to approximately 4,500 emergency calls (12 to 13 per day) with approximately 70% of those being for emergency medical services. For calls of an unknown or potentially life-threatening nature, both a fire engine and an ambulance are dispatched to the call. All of the Fire Department’s engines carry the same emergency medical equipment as an ambulance, but cannot transport patients to the hospital. Since every emergency responder is both a firefighter and a paramedic, the first on the scene will begin patient medical treatment. Most patients are transported to Glenbrook Hospital in Glenview or Northwest Community Hospital in Arlington Heights since these hospitals offer the closest comprehensive medical care and are classified as Level II trauma centers. In cases of very severe trauma, patients are transported to Condell Medical Center in Libertyville or Lutheran General Hospital in Park Ridge since these hospitals are classified as Level I trauma centers. Patients—both residents and non-residents—who are transported to the hospital are charged by the Village using the federally published Medicare/Medicaid rate. A typical ambulance bill ranges from \$370 to \$650, depending upon the complexity of the call. The ambulance bill is covered by Medicare/Medicaid as well as most private insurance companies. For residents, the Village accepts insurance payments as full payment of their ambulance bill (i.e. residents are not responsible for any co-pay associated with their ambulance bill).

Floods Are No Myth; Be Prepared for the Unexpected

Discounts on homeowner flood insurance premiums are just one of many benefits residents enjoy as a result of Wheeling's proactive approach to flood hazard damage reduction. A 34-year member of the National Flood Insurance Program (NFIP), Wheeling has joined a national effort to minimize property damage in cases of flooding and provide affordable flood insurance to all homeowners, whether or not they are located in or near a floodplain. As part of its NFIP commitment, the Village provides a range of public information on flooding potential, prevention, safety, and other issues. For more information about the National Flood Insurance Program and flood insurance, call 1.800.427.4661. Copies of the Flood Insurance Rate Maps (FIRMs) can be reviewed at the Community Development Department and the Indian Trails Public Library.

Local Flood Hazard Potential

The Village's proximity to waterways such as the Des Plaines River, Buffalo Creek and McDonald Creek tributaries adds scenic charm to historic Wheeling. Unfortunately, those same waterways raise the hazard of flooding during heavy rains. Standard homeowner's insurance does not cover flooding. Through the 1960s, private rates on flood insurance were prohibitively high. These excessively high prices made it almost impossible to carry flood insurance. The NFIP, formed in 1968, is designed to subsidize the cost of flood insurance to member communities, qualify them to receive disaster relief and establish minimum national standards to reduce flood losses.

High CRS Rating

One of eight inaugural NFIP communities in Illinois, Wheeling designed programs to exceed minimum standards and optimize benefits to Village residents. In 1992, the NFIP implemented the Community Rating System (CRS) to reward efforts of communities that go above and beyond the basic requirements. Effective May 1, 2007, our rating was upgraded to Class 7, which provided a 15% discount on flood insurance policies for properties located within the special flood hazard area. Policies issued for properties outside the special flood hazard area continue to receive a 5% discount. Wheeling continues to be proactive in preventative initiatives, including:

Stream maintenance: The Village regularly inspects waterways to ensure they are clear of debris and potential obstructions.

Regulating new construction: New buildings in the flood zone must meet requirements for elevation and flood-proofing. Village planners ensure that the new developments don't raise flood risk for neighbors in the community.

Keeping residents informed of flood risk and how to minimize impact: Flooding is not a topic the Village wants to highlight, but our residents must be aware of the potential for flooding. Tools such as this newsletter enable us to keep residents informed in the event of flooding.

Development Regulated

Development of any type within special flood hazard areas is strictly regulated. In order to construct a building or addition, perform any

grading, or fill any other type of construction in these areas, an individual must obtain a special "floodplain development permit." This permit is issued in conjunction with other construction permits to assure that the new construction will not be susceptible to flood damage or cause increased flood damage potential to neighboring properties. Floodplain development regulations can be found on the Village's website at www.wheelingil.gov in Title 22 of the Municipal Code (which can be found under "Reference Desk" on the home page) or by contacting the Community Development Department at 847.459.2620.

With flooding a possibility, especially during the spring/summer season, preparation is the best defense. Safeguarding people, protecting buildings and purchasing flood insurance are keys to defending against floods.

Protect Your Property: To flood-proof a structure, start by elevating or relocating electrical panel boxes, furnaces, water heaters and washer/dryers to areas least likely to be flooded. Install basement floor drains and interior and exterior backwater valves. Consider erecting interior flood walls around utilities. Move essential items and furniture to the upper floors of your home. Keep materials such as sandbags, plywood, plastic sheeting and lumber handy for emergency waterproofing. More flood protection information is available from FEMA through the "Floodplain/Flooding Information" link on the home page of our website at www.wheelingil.gov. Information is also available for review at the Indian Trails Public Library.

Personal Safety: During periods of high water, stay out of the basement where breaker boxes and electrical wiring present the risk of shock. If you know high water is imminent, shut off the electricity, gas and water. Keep your family together and make sure everyone has identification. Move everyone—including pets—to high ground. Rescue crews cannot reach you once the water becomes two feet deep. Don't drive across flooded roads where your vehicle could stall. Flowing water above your knees can generate dangerous currents; avoid walking through it.

Village Monitors Rising Water Levels: When heavy rains strike, the Village monitors rising water levels with strategically placed gauges. Comparing data with historic records, the Village can predict areas of potential flooding. In the event of a flooding situation, Village staff is mobilized to notify people in affected areas. In some situations, notification may be made by phone. Road closure information is available from radio stations.

Call Community Development at 847.459.2620 with any questions about flood risk areas within the village of Wheeling.

HUMAN SERVICES DEPARTMENT

Pavilion Senior Center

The Pavilion Senior Center—part of the Department of Human Services—is open to area adults 55 years or better. Call 847.459.2670 for more information.

Social Services Division

The Social Services Division has three social workers to serve all residents of the Village of Wheeling. Call 847.459.2606 for more information.

Lunch at Pavilion

Join us for a great meal and great friends at LUNCH AT PAVILION. Excellent NEW menu selections, restaurant atmosphere, table service—you can't beat it! The Wheeling Pavilion Senior Center hosts meal service for anyone 60 years and better. A nutritionally balanced lunch is served Monday, Wednesday, and Friday from 11:30 am until 12:30 pm. Reservations are needed. Social activities and informational programs are included as part of this program. Diners will receive information regarding the cost of the meal and will have the opportunity to contribute to part or all of the cost. Funds for this program are provided through an award from AgeOptions through the Illinois Department on Aging and Federal Administration on Aging. Meals are provided by the Catholic Charities. For more information regarding how to register or volunteer, please contact the Wheeling Pavilion Senior Center at 847.459.2670 and ask for Alysia.

Pavilion Senior Center Outings

Potawatomi Casino - Thursday, May 31

Try your luck at the Potawatomi Casino. The cost includes deluxe transportation, reward play, and a food and beverage credit.

Chicago Cubs vs. Detroit Tigers - Thursday, June 14

Cheer on the Cubs as they play the Detroit Tigers in the friendly confines of Wrigley Field. The cost of this trip includes round-trip transportation from the Senior Center to Wrigley Field, \$10 in Cubs Money, and a ticket to the game. Please call for member, non-member, and early-bird pricing by May 21st.

For more information or to register, please call Alysia Miller-Goldstein at 847.459.2670.

Access to Care Program

Access to Care® is a model primary health care program serving low-income, uninsured individuals in suburban Cook County and in northwest Chicago (west of Pulaski Road and north of North Avenue). The Wheeling Human Services Department is now a registration site for Access to Care.

The Access to Care program is a unique public/private partnership which makes primary health care and the ancillary pharmacy, laboratory, and radiology services available to those individuals caught in the gap between eligibility for public health insurance programs (All Kids, FamilyCare, Medicaid, Medicare) and having private insurance. The program provides affordable diagnosis and treatment to individuals and families for a small co-payment per visit, procedure, or prescription medication.

Eligibility screening is determined by the following criteria: family income below 200% of the federal poverty level with no health insurance (or a deductible of \$500 or more per person), ineligible for All Kids, FamilyCare, Medicaid, or Medicare, and residence in suburban Cook County or northwest Chicago.

If you or someone you know is interested in learning more about Access to Care, please contact the Human Services Department at 847.459.2606 to set up an appointment.

Wheeling Special Needs Resident List

The Village of Wheeling Special Needs Resident Notification (Illinois Premise Alert Program Public Act 96-0788) is available. The Illinois Premise Alert allows people with special needs to provide information to police, fire, and EMS personnel to be kept in a database. This information will be provided to responders dealing with situations involving the special needs individual.

How do I let the emergency personnel know about my/my family members' special needs? Forms are available at the Wheeling Police Department and the Wheeling Pavilion Senior Center. Forms may be completed immediately or you may send them to the Wheeling Police Department Communications Supervisor at 1 Community Blvd., Wheeling.

Will my information be confidential? Your information will not be shared with anyone outside of Wheeling emergency personnel or other agencies needed to provide emergency response.

Will I or my family be treated differently if on the Special Needs list? No. The information provided on the list will not result in preferential treatment or change the response of trained emergency personnel. Inclusion on the list will result in emergency responders being better prepared to assist individual residents with special needs.

Who do I call if I would like more information? Please contact the Human Services Department at 847.459.2606 or the Wheeling Police Department Communications Supervisor at 847.459.2632.

50+ Anniversary & 90+ Birthday Celebrations

The Wheeling Senior Citizen Commission and the Wheeling Pavilion Senior Center will once again be hosting the 50+ Wedding Anniversary and the 90+ Birthday celebrations. If you are celebrating 50 years or more of marriage or you are 90 years or older this year, please contact the Senior Center to let us know. We would love to celebrate these very important milestones with you! Our party will include a wonderful lunch and great entertainment. The joint celebration will be in May, so call 847.459.2670 soon to register. You must be a Wheeling resident or member of Pavilion to attend.

Annual Hydrant Flushing

The Village's Utility Division will be flushing hydrants throughout the Village during the month of May. During this time, hydrant flushing will occur between 6 am and 3 pm, weather permitting, and will continue until all portions of the water distribution system are completed. Signs will be posted while flushing is underway.

Flushing is an important preventative maintenance process and is undertaken to remove particulate matter and corrosion from the system. You may notice a slightly lower pressure and discoloration of your water throughout the duration of the program; however, the water will be completely safe to drink. You are advised to check the water color before beginning laundry to prevent any staining.

Should you have concerns regarding the flushing program, you may contact the Public Works Utility Division at 847.279.6900.

Emerald Ash Borer

The Emerald Ash Borer (EAB) is a destructive, non-native insect found only in ash trees. It is a small metallic green beetle about a 1/2 inch long and 1/8 inch wide which can fly at least a 1/2 mile from the tree where it emerges. Its larvae burrow into the bark of ash trees, causing the tree to starve and eventually die. Signs that an ash tree could have EAB infestation include thinning of the tree's top canopy, sprouts from the trunk after the upper portion of the tree is deceased, or "D" shaped holes in the bark.

The Village is closely monitoring parkway ash trees for EAB. If you suspect that a parkway tree is infested, please contact Public Works at 847.279.6900. For more information, please visit the Illinois Department of Agriculture website at www.IllinoisEAB.com.

Bicycle Safety Rodeo

Saturday, June 16th, 10 am to 1 pm
South Parking Lot behind Park District Rec. Center
333 W. Dundee Road

All Ages Welcome!

- ⊗ Bicycle Skills Course
- ⊗ Safety Tips for Bicyclists & Pedestrians
- ⊗ Proper Fitting of Bicycles & Helmets
- ⊗ Bicycle Registration (bring bike)
- ⊗ Giveaways
- ⊗ Hot Dogs, Chips & Pop

Presented by:

Electronics Landfill Ban

As of January 1, the Illinois Environmental Protection Agency prohibited the disposal of electronics in landfills. Electronic waste placed at residential curbsides or designated refuse locations will not be collected by Waste Management.

Prohibited items include but are not limited to: televisions, monitors, computers, laptops, fax machines, printers, keyboards, scanners, DVD players, MP3 players, VHS players, DVRs, digital converter boxes, mobile phones, PDAs, etc. The Solid Waste Agency of Northern Cook County (SWANCC) has contracted with Supply Chain Services (SSI) for permanent drop-off locations and one-day events for its member residents. Wheeling residents may bring acceptable electronics, at no charge, to:

Glenview Transfer Station, Saturdays, 9am – 11 am
1151 N. River Road (across from Maryville Academy)
Closed: June 2, July 7, Sept. 8, Nov. 24, and Dec. 29 of 2012

Mount Prospect Public Works, Wednesdays, 10am – 12pm
1700 W. Central Road
April through October only

Hoffman Estates Village Hall, Mondays, 10am – 12pm
1900 Hassell Road
April through November only

Winnetka Public Works, Tues, 10am – 12pm; Thurs, 1pm – 3pm
1390 Willow Road
Closed Nov. 22, 2012

One-Day Drop-Off: **Village of Wheeling Public Works**

77 W. Hintz Road
Saturday, May 19, 2012 ONLY, 9am – 12pm

Residents may visit SWANCC at <http://www.swancc.org/index.php/programs/electronics-recycling> or call 847.724.9205 for additional information on one-day drop-off locations and other resources for appropriate disposal of electronic waste. You may also contact Public Works at 847.279.6900.

Water Restriction Reminder

To better conserve water, a ban on non-essential water use takes effect on May 15th and continues through September 15th. Non-essential water use is prohibited during this time, from 12 pm to 6 pm every day. Types of non-essential water use include but are not limited to:

washing vehicles; washing / pressure-washing streets, sidewalks, parking lots, paved areas or building exteriors; using hoses for clean-up; and irrigation of lawns. For code enforcement, please contact Community Development at 847.459.2633. Thank you for conserving our resources.

Active Transportation Plan Community Meeting

Tuesday, May 22 at 7 pm
Indian Trails Public Library
355 Schoenbeck Road, Wheeling

Let's work to make Wheeling a complete, connected and safe place to walk and bike!

Come share your thoughts on how to improve walking and biking conditions in Wheeling. We want to know what will help you access trails, feel safer while walking or biking, and build awareness for routes. Your input will help Wheeling build a strategy for improving walking and biking in our community.

Tell us:

- Where do you want to walk or bike?
- Where would you like to see improvements?
- What would make walking and biking easier in Wheeling?

Can't make it to the meeting?

Take our online survey at www.surveymonkey.com/WheelingBikeWalkPlan or contact Barb Cornew at barb@activetrans.org or 312.427.3325 x383.
