# WELCOME TO WHEELING

*President  
Patrick Horcher*

## From the Desk of President Horcher

On behalf of the Village Board, I'd like to extend my sincere thanks to all those who voted in the April 6 election. I'm deeply honored to be the first village president to be reelected in Wheeling since 2005. I warmly congratulate incumbent Trustees Mary Krueger, Mary Papantos, and Jim Ruffatto on their victories, as well as Kathryn Brady on her election to succeed retiring Village Clerk Elaine Simpson. I'd also like to express my profound appreciation for the unprecedented support that I and the other incumbent candidates received from Ray Lang, Joe Vito, and Dave Vogel, the sitting trustees who were not up for reelection this year. While the seven of us may debate the finer points of policymaking, we remain united in our commitment to bedrock principles of fair, ethical, and transparent government. We're humbled by the trust that Wheeling residents have placed in us, and we're looking forward to continuing our service as responsible stewards of the community. Finally,

I offer respectful regards to the other candidates for their enthusiastic campaigns. Service to the community can take many forms, and I welcome their ongoing civic engagement for the betterment of Wheeling.

With the election now behind us, we're able to focus on the pressing business at hand, which includes the revitalization of a commercial sector seriously impacted by the pandemic. For some, the disruptions of the past year represent an occasion to pursue the dream of starting a small business: a clothing boutique, maybe, or a restaurant with a menu built around family recipes. If that sounds like you, contact the Village's Economic Development Department at 847.459.2605; they can connect you with resources to help realize your vision. As I mentioned in the last newsletter, we recently established programs to assist with restaurant and retail build-out costs in some locations; visit [www.wheelingil.gov/grants](http://www.wheelingil.gov/grants) for more information. The Village website also includes an interactive map of available commercial spaces, accessible at [www.wheelingil.gov/opportunity](http://www.wheelingil.gov/opportunity). Wheeling welcomes investment from throughout the region and around the world, but it's particularly satisfying to see our residents deepen their involvement in the community by becoming local business owners as well.

Speaking of new businesses—and, for that matter, of change—the Village recently welcomed Hatch, Wheeling's first adult-use cannabis dispensary, now open at the former TGI Friday's site at 1500 Lake Cook Road. After recreational cannabis became legal in Illinois, the Village made changes to the zoning code that enable us to regulate these businesses through the special use process, thus securing the economic benefits of this growing industry while managing its impact on the community. The Village takes pride in helping entrepreneurs succeed while meeting our code's requirements, and our staff was able to work with Hatch to advance this project from initial discussions to ribbon-cutting in under five months.

*President Horcher and Trustees Papantos, Ruffatto, Krueger, Lang, and Vogel cut the ribbon at Hatch Dispensary.*

We'll have additional news about development in Wheeling as the economy continues to improve and vaccination rates increase. In the meantime, I encourage everyone to please maintain the good habits we've all learned over the course of the past year with respect to social distancing. The Village is pleased to be joining with its usual partners at Chicago Executive Airport and the City of Prospect Heights to bring back the Rock 'n' Run the Runway event this summer, but with an eye toward our residents' safety we've opted to hold it on Saturday, August 21 rather than Independence Day weekend. Please see Page 10 of this newsletter for more details.

I'll close with a note of heartfelt gratitude from me and the Board of Trustees to Village Clerk Elaine Simpson, who is retiring from office after 24 years of distinguished service. We'll greatly miss Elaine's kindness, good humor, and exemplary citizenship, but we're glad that she'll be continuing her service to Wheeling through her active involvement in organizations like the Wheeling Historical Society and Saint Joseph the Worker Catholic Church. We wish her well, and we look forward to working with incoming Village Clerk Brady.

We hope this finds you and your loved ones enjoying a safe and happy spring!

# WELCOME TO WHEELING

## 2021 Consolidated Election Results

### Village President

|                           |               |              |
|---------------------------|---------------|--------------|
| <b>Patrick A. Horcher</b> | <b>54.19%</b> | <b>1,325</b> |
| Steven Mark Smith         | 45.81%        | 1,120        |

### Village Trustee

|                         |               |              |
|-------------------------|---------------|--------------|
| Donald Lee Waller       | 13.88%        | 925          |
| <b>Mary M. Papantos</b> | <b>18.59%</b> | <b>1,239</b> |
| Laura Alicia Rodriguez  | 15.69%        | 1,046        |
| <b>James Ruffatto</b>   | <b>17.63%</b> | <b>1,175</b> |
| <b>Mary C. Krueger</b>  | <b>19.02%</b> | <b>1,268</b> |
| Kimberly Anne Scanlon   | 15.18%        | 1,012        |

### Village Clerk

|                         |               |              |
|-------------------------|---------------|--------------|
| Deborah L. Acevedo      | 48.36%        | 1,147        |
| <b>Kathryn M. Brady</b> | <b>51.64%</b> | <b>1,225</b> |

## Clerk Simpson Retires

Goodbye and good luck to Village Clerk Elaine Simpson who has retired from her Clerk position after 24 years of dedicated service to the Village of Wheeling!

Clerk Simpson completed her last Village Board meeting on April 19, where President Horcher proclaimed that May 4 will be “Elaine E. Simpson Day” in Wheeling. As the proclamation states, during her time as Village Clerk, Elaine Simpson has worked diligently to assure that the Village of Wheeling conducts its business and maintains its records with transparency and consistency, and treats all its citizens and stakeholders with fairness and respect.

Her presence will be missed at the Village Board meetings, but she continues her service to Wheeling as a member of the Wheeling Historical Society and Wheeling Garden Club, among her many volunteer endeavors.

## Health Happenings

### COVID-19 Vaccination Program Information

The Cook County government, Cook County Health Department, and Illinois Department of Public Health (IDPH) are offering COVID-19 vaccinations to those living or working in Cook County. The distribution of vaccines is now open to anyone 16 years and older. Visit <https://vaccine.cookcountyil.gov/> to sign up for COVID-19 updates and information to schedule an appointment. Please visit frequently to access the most up-to-date information on COVID-19 and the vaccine distribution program. A Vaccine Sign-Up Hotline is also available by calling 833.308.1988 Monday through Friday from 7 a.m.–7 p.m.

### Medication/Sharps Collection

Wheeling provides medication and sharps collection for all residents. Collections are held on the third Saturday of every month from 10 a.m. until 12 p.m. in front of the Police Station at 1 Community Boulevard. We accept:

- Prescription and over-the-counter medications in their original containers. No over-the-counter liquid medications will be accepted.
  - ◆ Keep pharmaceuticals in their original containers with labels to identify contents.
  - ◆ Use a permanent marker to cross out your name and other personal information.
  - ◆ We cannot accept any controlled substances. Visit [www.swancc.org](http://www.swancc.org) for a list of all controlled substances.
- Sharps (needles and syringes) in rigid containers with a sealed lid. Sharps containers will be handed out at the collection and are available at the Community Development Department at Village Hall.
- Glasses, including eyeglasses, sunglasses, and telescopic, magnifying, and prescription glasses. Children’s glasses are especially needed and will be given to a program called “Recycle for Sight” which refurbishes eyeglasses for those in need.

# POLICE & FIRE DEPARTMENTS

## Warm Weather Storm Safety

Each year, deadly tornados throughout the midwest show how unpredictable severe weather can be. Knowing what to do in these situations can minimize the potential for serious injury to you and your family, as well as potential damage to your home or business. The first step in preparing is knowing what the various terms used by the National Weather Service mean.

*If your power is out, please call Commonwealth Edison directly at 800.334.7661*

•**SEVERE THUNDERSTORM WATCH:** Atmospheric conditions are right for the possible development of thunderstorms that may be severe and could produce large amounts of localized rain, as well as hail and high winds. When a “Watch” is issued for our area, monitor the radio, television, and/or internet for further weather updates. Walk around the outside of your home and secure any loose items such as lawn furniture, umbrellas, children’s toys, downspout extensions, etc. to prevent these items from becoming “missiles” if the wind becomes very strong. Avoid leaving your home or business unless absolutely necessary.

•**SEVERE THUNDERSTORM WARNING:** An actual thunderstorm has developed in our area and is producing large amounts of localized rain, hail, and/or high winds. Immediately go inside a building and close all window blinds on the side of the building from which the storm is approaching (this will minimize flying glass, should a window break). To avoid injury in the event of breakage, do not stand in front of or near windows. Do not talk on a hardwired telephone or use plumbing fixtures until the storm passes since lightning can follow these devices if your home or business is struck.

•**TORNADO WATCH:** Atmospheric conditions are right for the possible development of tornados in our area. It is not uncommon for a “Tornado Watch” to also be associated with a “Severe Thunderstorm Watch.” You should take the same precautions listed above for “Severe Thunderstorm Watch” to prepare for this pending weather condition.

•**TORNADO WARNING:** An actual tornado has been reported by a trained weather spotter and/or has been observed by radar in our area. This is the only event in which the Village of Wheeling’s warning sirens will be activated. Immediately take protective cover in your basement or an interior room (usually a bathroom or closet on the lowest level of your home). If at work, immediately take shelter in an interior room or space on the lowest level of the building (usually a bathroom, closet, interior stairwell, or interior hallway with no windows). Sit with your back against the wall with your head between your knees and your fingers interlaced behind your head. If available, and only if time permits, cover yourself and family members or fellow employees with a blanket or similar item to provide some additional padded protection. If you are caught outside, find the lowest depression in the ground and lie flat on your stomach with your fingers interlaced behind your head and your eyes closed. If you are in your car, do not try to outrun a tornado. Instead, attempt to get inside a nearby structure. If this is not possible, pull your car over to the side of the road, turn on your emergency flashers, and get down on the floor of the vehicle. Most fatalities associated with tornados are caused as a result of individuals being hit by flying debris, particularly broken glass.

After the storm has passed, do not call the Fire or Police Department if your power is out or if there is standing water on your street. If your power is out, please call Commonwealth Edison directly at 800.334.7661. The Village of Wheeling has neither control over when your power will be restored nor any estimates regarding its restoration. Calling the Fire or Police Department for power outages only delays personnel from answering legitimate calls for emergency assistance. Standing water on streets is commonly caused by storm debris sitting on top of the storm sewer grates. Using a long-handled garden tool such as a rake to pull the debris up onto the parkway will clear the sewer grate and allow the water to drain away naturally.

Do not allow children or pets to play outside until you have walked around your home to determine that there are no hazards such as downed power lines, broken glass, or flooded areas. Any downed power lines should be assumed to be energized and immediately reported by calling 9-1-1. Finally, do not allow children or pets to play in flooded stormwater detention basins, since the stormwater can unexpectedly rise or fall, resulting in entrapment or drowning due to being pulled underneath the water.

For more information about warm weather safety, go to:  
<http://www.wheelingil.gov/418/Warm-Weather-Safety-Information>

# HUMAN SERVICES DEPARTMENT

## Lunch @ The Center

C.R.C 100 Community Boulevard Wheeling, IL 60090  
(Preschool drop off site)  
for more information please contact Jesus Delgado 847-650-0650

### Nutritionally Balanced Meals

for older adults 60 yrs and better

Monday, Wednesday, Friday, 9:30 AM- 10:30 AM

Community Boulevard to Stop sign

Turn Right to stop sign

Turn Left to Preschool Drop off/ Meal pick up Zone

**PLEASE BE ON TIME,**

We will be sharing the drive through site with other programs.

Meals will not be available for pick up after 10:30 AM.

**NO exceptions!**

The suggested donation for the lunch is \$5.00 per meal

No one will be turned away for inability to donate.

Funds (in whole / part) for this program were provided through an award/contract from AgeOptions through the Illinois Department on Aging and the Federal Administration on Aging.

Los fondos (en su totalidad / en parte) para este programa se proporcionaron a través de un premio / contrato de Age Options a través de Illinois Departamento de Envejecimiento y la Administración Federal sobre el Envejecimiento.

## COVID-19 Assistance

These have been very challenging times. Even after the COVID-19 pandemic lessens its grip on our community, there may be lasting effects for all of us. If you or someone you know is in need of resources to make it through this tough time, the Human Services Department is here to help. Our department has social workers available to provide information and referrals for whatever need you may have. Our staff has been working through the pandemic, providing services by phone and also video-conferencing when necessary.

Some of the programs available for Village of Wheeling residents include:

- Wellness calls to homebound older adults. Staff calls more than 150 residents on a weekly basis to check on them and to offer a friendly voice and important information.
- Since March of 2020 our congregate dining program has provided more than 21,500 frozen/reheatable meals, and currently distributes hot and cold meals three times a week for older adults. If you are or someone you know is 60+ and could benefit from these meals, please call our office at 847.459.2606.
- Since the initiation of the distribution of vaccines for residents, Human Services staff has been providing vaccination appointment assistance. Our staff is able to help those without access to technology procure needed vaccination appointments. Please call our office at 847.459.2606 for more information.

For additional information regarding our programs, or for information on state and federal assistance related to the COVID-19 crisis, please visit [www.wheelingil.gov](http://www.wheelingil.gov) or call our office at 847.459.2606. Se habla Español.

# COMMUNITY DEVELOPMENT & PUBLIC WORKS

## Residential Document Destruction Event

On Saturday, May 8, the Solid Waste Agency of Cook County (SWANCC) and Village of Wheeling are hosting a document destruction (shredding) recycling event at the Department of Public Works, 77 W. Hintz Road, from 9 a.m. 12 p.m. There is **NO ELECTRONIC WASTE COLLECTION**.

Residents from Wheeling and other SWANCC communities are eligible to participate. Materials will not be accepted from non-SWANCC residents, or from businesses, schools, or institutions. IDs will be checked for verification of residency, and those persons not from a SWANCC community will be redirected to an exit.

To ensure a successful event, please read the requirements below. If paper is not prepared correctly, you will not be able to participate, and will be asked to exit the event.

Residents are limited to six file-size boxes or paper grocery bags of “sensitive documents.” Sensitive documents include medical, retired tax or financial planning records, or documents with personal information, etc.

- Documents must be dry, clean, and loose, i.e. not in binders or folders.
  - Remove all metal clips; staples are acceptable.
  - Remove all plastic covers or binders.
- Documents must be contained in the trunk of the vehicle for accessibility (see safety guidelines below).
- NO magazines, newspapers, junk mail/ads/coupons, greeting cards, store receipts, photos, books.
- NO x-ray photos, personal photos or family albums, photo negatives, plastic credit or gift cards, plastic covers from check books or similar.
- Absolutely NO plastic bags!
- Boxes will be returned to residents.

Documents will be placed in a toter and, once toters are full, will be loaded into a shredding truck onsite. The paper will be cross-shredded, baled, and recycled.

Additionally, new safety guidelines will be in effect for this event:

- Residents must wear a mask and remain in their vehicle.
- IDs will be checked through a closed window to verify residency. There will be no handling of drivers’ licenses.
- Residents will only be able to unlock the trunk from inside the vehicle and allow staff to unload the items from the trunk. There will be no opening of any vehicle doors or passing documents through vehicle windows.
- Residents are not allowed to exit vehicles, or to stay or park onsite to observe documents being shredded.
- If you have tested positive for the COVID-19 virus or are experiencing symptoms, **DO NOT** attend this event.

The site/event coordinator may refuse service if any resident fails to comply with the safety guidelines.

In anticipation of high participation, plan for delays or longer waiting times during the event. It is recommended that you arrive no later than 11 a.m. to ensure participation. The event will conclude promptly at NOON. Please contact Public Works at 847.279.6900 with any questions. For additional electronic and document destruction events scheduled by SWANCC, visit [www.swancc.org](http://www.swancc.org) or contact 847.724.9205.

## Annual Hydrant Flushing

The Public Works Utility Division will be flushing hydrants throughout the Village now through May 17, weather permitting. During this time, hydrant flushing will occur between the hours of 7 a.m. and 3:30 p.m. and will continue until all portions of the water distribution system have been completed. Signs will be posted throughout the Village while hydrant flushing is underway.

Flushing is an important preventative maintenance process and is undertaken to remove particulate matter and corrosion from the system. Residents may notice slightly lower pressure and discoloration of their water throughout the duration of the program; however, the water will be completely safe to drink. Residents are advised to check the color of the water before beginning laundry to prevent any staining.

8 Should you have concerns regarding the flushing program, contact the Utility Division at 847.279.6900.

## Summer Watering Restrictions

To further water conservation efforts, the Village has implemented an even-odd address watering restriction which is in effect from May 15 through September 15.

- Residents with street addresses that end with an **even number** (0, 2, 4, 6, and 8) can only water on even-numbered calendar days.
- Residents with street addresses that end with an **odd number** (1, 3, 5, 7, and 9) can only water on odd-numbered calendar days.
- Watering is prohibited from 12–6 p.m. every day.

The watering of newly-laid sod is permitted at any time and on any day upon the issuance of an appropriate permit, and for a time not to exceed two consecutive weeks. Contact the Department of Community Development with any questions about water restrictions at 847.459.2620.

## Waste Management “At Your Door” Special Waste Collections

Residents with curbside collection can properly dispose of and recycle home-generated special materials safely, easily, and responsibly. The cost for the program is included in monthly rates, and curbside residents can utilize the program as many times during the year as necessary. Below is information on the At Your Door (AYD) service.

### What materials are collected through the AYD Special Collection program?

Acceptable materials include, but may not be limited to, automotive products (antifreeze, batteries, brake fluid, motor oil & filters); garden chemicals (fertilizers, herbicides, pesticides, insect spray, weed killers); paint products (paint, caulk, glue, stain, thinner, wood preservative); household cleaners (ammonia, cleaning products, rust remover, tile/shower and upholstery cleaners); items containing mercury (batteries, fluorescent lamp tubes, thermometers and thermostats); sharps/needles/lancets (only if placed in sealed, rigid, puncture-resistant containers); and electronics (computers, monitors, keyboards, MP3 players, televisions, DVD/CD/VCR players, cell phones, printers, fax machines, microwaves).

Ammunition, explosives, asbestos, tires, or any unlabeled or leaking materials will not be collected.

### How do I schedule an AYD collection?

Call 1.800.449.7587, M-F from 7 a.m. to 7 p.m., or visit [www.wmatyourdoor.com](http://www.wmatyourdoor.com) and submit a request form.

Please have the list of unwanted materials ready for their information.

### What happens when I schedule a collection?

A collection kit will be sent via mail based on the item(s) being disposed. Follow the directions for appropriate packaging and collection. If the materials for collection are not labeled, are leaking, or for some reason are not acceptable, a door hanger will be left with further instructions. When the package is ready for collection, place the package outdoors near the side door or by the garage on the specific designated collection date provided by WM. You do not need to be present during collections. Do not place the package near the curb or street.

For additional information on the AYD program, please contact WM at 1.800.449.7587.

## Annual Water Report

The Consumer Confidence Report (CCR) is a document published annually that provides consumers with information about the source and quality of their local drinking water. According to the U.S. Environmental Protection Agency Consumer Confidence Report Rule, every municipal water supplier must provide an annual report by July 1 concerning the previous year’s information. The CCR summarizes chemical and bacteriological contaminants, regulation compliances, educational health information, and water system contact information. The CCR can be found at:

<https://www.wheelingil.gov/DocumentCenter/View/853/2020-Annual-Water-Quality-Report-PDF>

If you have any questions regarding the report, please contact Public Works directly at 847.279.6900.

## SAVE THE DATE!

~August 21, 2021~

The Village of Wheeling, the City of Prospect Heights, and Chicago Executive Airport are thrilled to bring back the annual joint community fireworks event, **Rock 'n' Run the Runway**, this year, held at Chicago Executive Airport. This event is being delayed from its usual Independence Day date in order to allow for more time for the state to reach the next phase of the Restore Illinois plan, when large crowds can gather. Social distancing measures and mask requirements will be in place.

The day will start with a 5K run in the morning, and resume with food trucks, live music, children's entertainment, and fireworks in the evening.

Visit [www.rocknruntherunway.com](http://www.rocknruntherunway.com) for more details.

## Assist Homebuyer Program

The Village of Wheeling now offers a two-pronged approach to assist homebuyers: the Assist program provides families with funds to pay all or most of their closing costs and down payment, and the mortgage credit certificate ("MCC") program reduces the homebuyer's ongoing cost of borrowing.

### What is Assist?

Assist is a program that offers individuals and families with a 30-year, fixed-rate mortgage and offers 3-7% cash assistance on the amount borrowed on a mortgage to qualified home buyers. The cash assistance may be used to offset some or all of the home loan's down payment and closing costs. Assist minimizes the amount of money you need on hand to purchase your home.

### What are Mortgage Credit Certificates?

MCCs are a federally authorized program created as an alternative to tax-exempt housing bonds to reduce effective interest costs for qualifying homebuyers. MCCs allow the homebuyer to qualify for a federal income tax credit equal to a percentage of the interest paid on their home loan each year. MCC holders still qualify for a regular deduction of the remaining interest paid on their home loan.

To sign up for either program, contact Angela Conover at 312.664.5656 or [angelaconover@earthlink.net](mailto:angelaconover@earthlink.net)

Village offices will be closed  
Monday, May 31 in honor of Memorial Day.

Waste Management pick-ups will  
be delayed by one day.
