Phone: 847.459.2620 • Fax: 847.459.2656

### **LAWN SPRINKLER SYSTEM REQUIREMENTS**

1. All work shall be done by an Irrigation Contractor and/or Plumber. A copy of an Irrigation Contractors Registration must be submitted to the Community Development Department prior to permit release.
2. The attached Permission to Install a Lawn Sprinkler form must be signed by the property owner and submitted with the plans and permit application before the permit will be issued.
3. Three (3) copies of prints must be submitted for review and acceptance.
4. The backflow device shall be a reduced pressure zone valve. The device shall be tested by a licensed backflow inspector and (1) copy of the certification must be sent to the Community Development Department and (1) copy must be submitted to BSI online.
5. The lawn sprinkler system installer must notify the Community Development Department 24 hours prior to starting work to schedule an inspection. Call (847) 459-2620.

**PERMISSION TO INSTALL A LAWN SPRINKLER IN A PUBLIC STREET**

Permission to install a lawn sprinkler system, part of which will be located in the public street at \_\_\_\_\_ Wheeling, Illinois, is hereby granted subject to acceptance by the owner of the following conditions applying to any part of such installation in the public street, as evidenced by the owner's endorsement of this letter:

1. The Village assumes no responsibility or liability because of the installation, and the owner will hold the Village harmless in any action arising therefrom.
2. Existence of the sprinkling system in the public street shall not in any way interfere with the right of the Village to excavate therein for repair, maintenance or installation of any public utilities or for any other necessary purpose.
3. The Village will not be required to maintain or replace any of such system as may be damaged by any such work or by any other maintenance or construction operation.
4. All sprinkling heads will be so constructed that they will not project above ground level where located.
5. All sprinkler heads will be so located, shielded, adjusted or directed that they will not sprinkle the public pavement or public sidewalk when in operation.

THE VILLAGE OF WHEELING

\_\_\_\_\_  
Plumbing Inspector

All terms of the foregoing permission are hereby accepted without reservation.
