

INTERNET PURCHASE EXCHANGE LOCATION

THIS AREA IS UNDER 24 HOUR VIDEO SURVEILLANCE.

While buying and selling things through the internet is very popular, it provides fertile ground for fraud and violent crime. When buying or selling through Craigslist, Facebook, OfferUp, etc., you never know who you are dealing with until they actually show up to finalize the transaction.

Protect yourself by making the exchange in a safe location. The Wheeling Police Department is now an "Internet Purchase Exchange Location." When buying or selling online, please consider making the exchange at the Wheeling Police Department. The lobby of the department is monitored 24/7 with video surveillance and the facility is manned 24/7 as well.

Anyone interested in using the lobby of the Wheeling Police Department need not make an appointment, they can simply show up and conduct their sales transaction. Call the Wheeling Police Department Crime Prevention Unit at 847-459-2645 for more information.
